

COUNTRY'S TOP

RATINGS & REVENUE COMPANIES

Nineteen companies made \$10 million or more from their Country outlets in 2007, with Clear Channel once again leading the pack with over \$365 million in revenues. Clear Channel also led the way in listeners, with a cume of more than nine million per week.

Country Aircheck's overview of Country's top revenue and audience companies features year-to-year trends in both categories, plus ratings comparisons from Fall '07 to Fall '06, for every Country station owned by the top operators.

You'll note that Clear Channel's numbers were down significantly from past years following placement of more than 100 stations, almost 30 of them Country, in the Aloha Station Trust.

It's impossible to list all 2000+ Country stations in the USA, so this list is confined to companies with at least \$10 million in revenue from their Country outlets. If your company or station has inadvertently been omitted, please let us know.

LEGEND: Following each station's calls and city are its Arbitron 12+ shares from Fall '07 and Fall '06. Next comes the Fall '07 Arbitron metro cume, followed by the Fall '06 figures. After that are the station's 2007 and 2006 revenues, listed in millions, except in "Totals," where actual figures for cume and revenue are shown.

A note of "na" means a figure was either not available or not applicable.

BIA is the source for all revenue and ownership data; all ratings information comes from Arbitron. The first set of figures under "Totals" shows the number of Country stations owned by the operator at the end of 2007. All totals for previous years also came from BIA and represent the totals for the stations owned that year.
